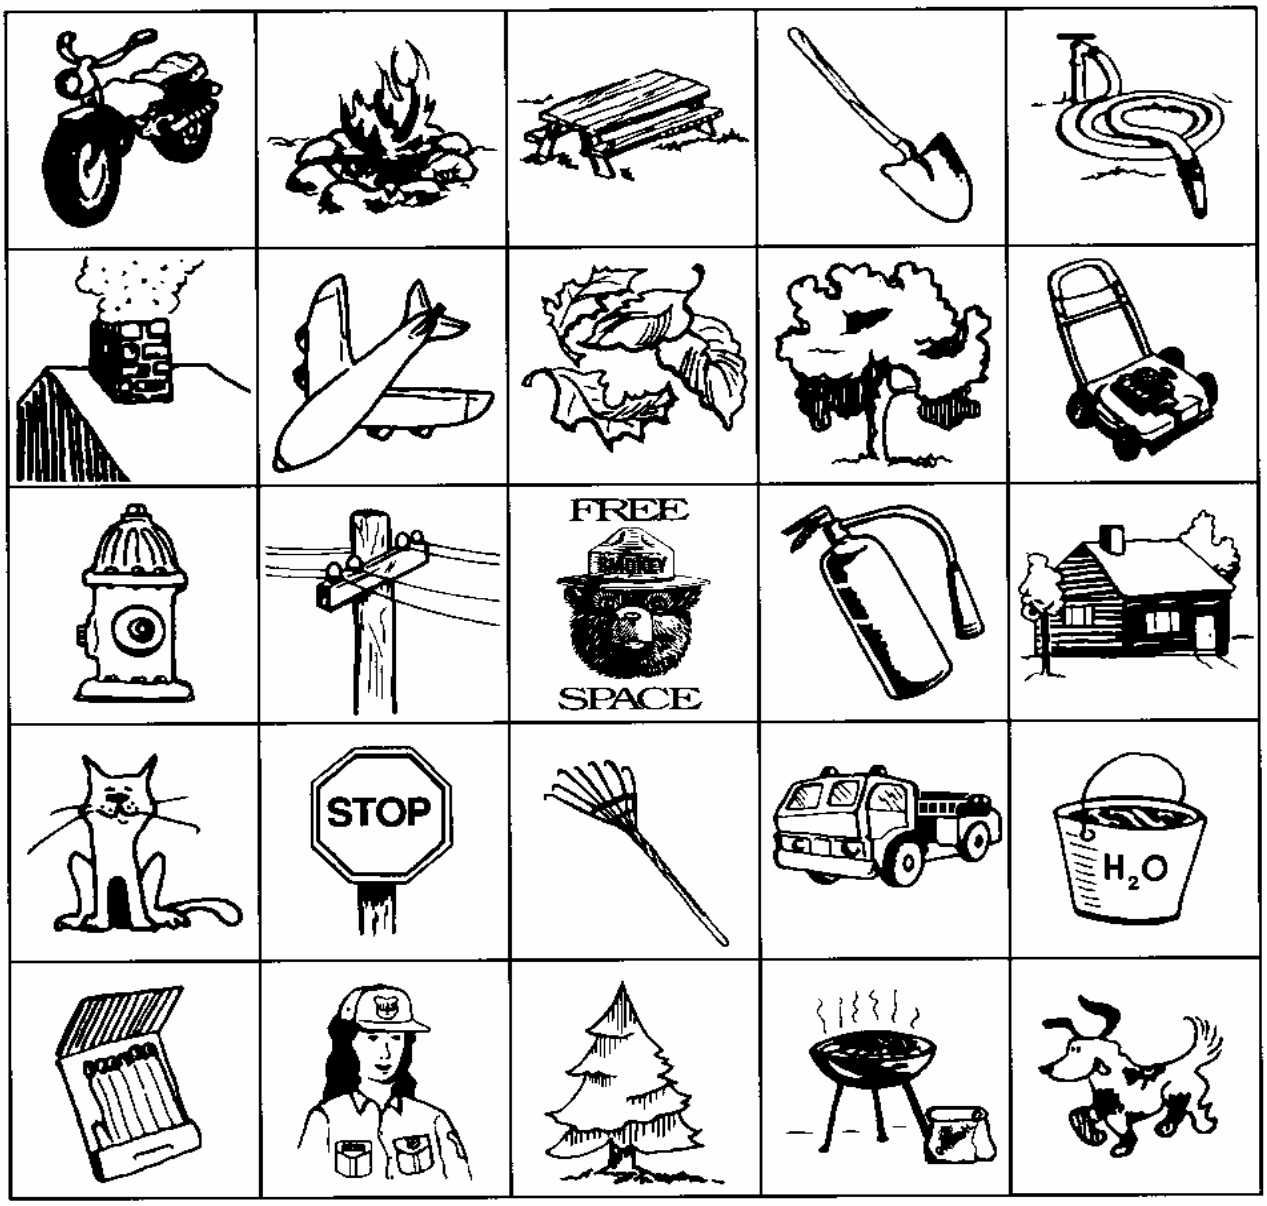
SMOKEY

B I N G O



Here's a game to play around your neighborhood or while travelling or on vacation. When you see one of the objects pictured on the SMOKEY BINGO card, mark it with a pencil or crayon. If more than one person is playing, the first person to see the object, marks it on their card. SMOKEY BINGO can be won by marking all objects on any straight line, or by playing "black out", with all objects having to be marked.
