Meeting#5 – Tuesday, February 12, 1-4 pm.

Meeting#6 – Tuesday, February 26, 1-4 pm.

**From Terry's Interest Development Segment, Interests concerning public health and safety:**

No mineral extraction/gravel pit

Safety (BLM land users and adjacent landowners)

Environmental impact

Archeological/cultural impacts

Noise and dust

Wildlife

Adjacent landowners feel safe on their property (bullets coming from BLM)

Limited access to BLM land

Livestock use

Safety – motorized vs. non-motorized users, shooting

Dumping – Garbage and hazardous waste

Quality recreation experience/reducing user conflict

Value public land – scare and important resource

Safe horseback riding areas

Noise – shooting/motors

Signage and enforcement

Environmental impact of off-trail motorized vehicles  
Finding appropriate place for shooting/hunting  
Controlling wildlife populations  
Establish important recreation activities to have here  
Protect scenery  
Fire  
Safety issues with hunters  
Dangerous youth activities  
Cheap source of minerals  
Maintain traditional rights to public land  
Free use and illegal activities  
Military training  
Availability and free access  
Free dumping  
Do what we've always done (but with increase populations come increased impacts)  
Drive my ATV everywhere/drive ATV on a developed course  
Develop specified areas for shooting  
Meth lab dropoff?

**Who is missing/unrepresented?**

COSA representative? How about an unsupervised/unregulated shooting experience?  
Other members of public who live adjacent to shooting/dumping areas adjacent to BLM?  
Deschutes County landfill?  
Deschutes County shooting districts?  
Media representative?  
BLM Law Enforcement?

**Issues for Meeting#2**

Work on ground rules with Terry  
Revisit "Who is missing/unrepresented?" and finalize  
Review Issue Descriptions  
Review public comment  
Integration with other teams? How? When?  
Gaps in area profile
