- 04023 — Grazing Allotment with Allotment Number **
- BLM Grazing Management Categories ***
  - 1) Exclusion - Areas where no grazing will be authorized on public land and/or areas where private landowners do not graze
  - None — 2) Campsite Exclusion - Specific campsite areas where no grazing will be authorized
  - 3) Rest (non-use) - Areas where no grazing will be authorized on a temporary basis. Typically 3 to 5 years. After the rest period, managed grazing would be authorized consistant with either category 4 or 5
  - 4) Managed Grazing (2000 cfs Exclusion) - Areas where grazing will be authorized, but a special seasonal limitation applies that limits livestock use to a time when river flows are above 2000 cubic feet per second (cfs), the riparian zones are typically under water and have defacto exclusion from grazing
  - None — 5) Other Managed Grazing - Areas where grazing will be authorized with riparian oriented objectives
  - 6) Private Lands - Areas of predominantly private ownership, where grazing management is not directed by this plan

* This map does not include changes in land status resulting from the Northeast Oregon Assembled Land Exchange.

** Grazing Allotments may consist of disjunct Land Blocks, some of which are entirely Private.

*** This map depicts the type of grazing management by linear riverbank mile that will be in place as a result of the river plan **once fully implemented**. This map does not depict the total area (acreage) of individual pastures or allotments that this management affects. More detailed information for indivual allotments is found in Appendix L of the ROD.
