

## Exhibit A

### Special Stipulations OR 59507

1. The holder shall conduct all activities associated with the construction, maintenance, operation, and termination of the temporary use permit within the authorized limits of the temporary use permit.
2. Any cultural and/or paleontological resource (historic or prehistoric site or object) discovered by the holder, or any person working on his behalf, on public or Federal land shall be immediately reported to the authorized officer. The holder shall suspend all operations in the immediate area of such discovery until written authorization to proceed is issued by the authorized officer. An evaluation of the discovery will be made by the authorized officer to determine appropriate actions to prevent the loss of significant cultural or scientific values. The holder will be responsible for the cost of evaluation and any decision as to proper mitigation measures will be made by the authorized officer after consulting with the holder.

Pursuant to 43 CFR 10.4 (g), the holder of this authorization shall notify the authorized officer of the Bureau of Land Management by telephone, with written confirmation, immediately upon discovery of human remains, funerary items, sacred objects, or objects of cultural patrimony. Further, pursuant to 43 CFR 10.4 (c) and (d), the holder shall stop activities in the vicinity of the discovery and protect it for 30 days or until notified to proceed by the authorized officer.
3. Use of pesticides shall comply with the applicable Federal and state laws. Pesticides shall be used only in accordance with their registered uses and within limitations imposed by the Secretary of the Interior. Prior to the use of pesticides, the holder shall obtain from the authorized officer written approval of a plan showing the type and quantity of material to be used, pest(s) to be controlled, method of application, location of storage and disposal of containers, and any other information deemed necessary by the authorized officer. Emergency use of pesticides shall be approved in writing by the authorized officer prior to such use.
4. The holder of this temporary use permit or the holder's successor in interest shall comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.) and the regulations of the Secretary of the Interior issued pursuant thereto.
5. The holder agrees to indemnify the United States against any liability arising from the release of any hazardous substance or hazardous waste (as these terms are defined in the Comprehensive Environmental Response, Compensation and Liability Act of 1980, 42 U.S.C. 9601, et seq. or the Resource Conservation and Recovery Act of 1976,

42 U.S.C. 6901 et seq.) on the temporary use permit (unless the release or threatened release is wholly unrelated to the temporary use permit holder's activity on the temporary use permit. This agreement applies without regard to whether a release is caused by the holder, its agent, or unrelated third parties.

6. The holder(s) shall comply with all applicable Federal laws and regulations existing or hereafter enacted or promulgated. In any event, the holder(s) shall comply with the Toxic Substances Control Act of 1976, as amended (15 U.S.C. 2601, et seq.) with regard to any toxic substances that are used, generated by or stored on the temporary use permit or on facilities authorized under this temporary use permit grant. (See 40 CFR, Part 702-799 and especially, provisions on polychlorinated biphenyls, 40 CFR 761.1-761.193.) Additionally, any release of toxic substances (leaks, spills, etc.) in excess of the reportable quantity established by 40 CFR, Part 117 shall be reported as required by the Comprehensive Environmental Response, Compensation and Liability Act of 1980, Section 102b. A copy of any report required or requested by any Federal agency or State government as a result of a reportable release or spill of any toxic substances shall be furnished to the authorized officer concurrent with the filing of the reports to the involved Federal agency or State government.
7. The holder shall protect all survey monuments found within the temporary use permit. Survey monuments include, but are not limited to, General Land Office and Bureau of Land Management Cadastral Survey Corners, reference corners, witness points, U.S. Coastal and Geodetic benchmarks and triangulation stations, military control monuments, and recognizable civil (both public and private) survey monuments. In the event of obliteration or disturbance of any of the above, the holder shall immediately report the incident, in writing, to the authorized officer and the respective installing authority if known. Where General Land Office or Bureau of Land Management temporary use permit monuments or references are obliterated during operations, the holder shall secure the services of a registered land surveyor or a Bureau cadastral surveyor to restore the disturbed monuments and references using surveying procedures found in the Manual of Surveying Instructions for the Survey of the Public Lands in the United States, latest edition. The holder shall record such survey in the appropriate county and send a copy to the authorized officer. If the Bureau cadastral surveyors or other Federal surveyors are used to restore the disturbed survey monument, the holder shall be responsible for the survey cost.
8. Ninety days prior to termination of the temporary use permit, the holder shall contact the authorized officer to arrange a joint inspection of the temporary use permit. This inspection will be held to agree to an acceptable termination (and rehabilitation) plan. This plan shall include, but is not limited to, removal of facilities, drainage structures, or surface material, recontouring, topsoiling, or seeding. The authorized officer must approve the plan in writing prior to the holder's commencement of any termination activities.
9. During surface-disturbing construction and maintenance activities, the holder shall

ensure that all construction equipment and vehicles are cleaned of all vegetation

(stems, leaves seeds and all other vegetative parts) prior to entering public lands in order to minimize the transport and spread of noxious weeds. During surface-disturbing construction and maintenance activities, the holder shall ensure that all construction equipment and vehicles are cleaned of all vegetation (stems, leaves seeds and all other vegetative parts) prior to leaving public lands in areas that are known by the Authorized Officer of the BLM to be infested with noxious weeds.

10. The holder shall be liable for damage or injury to the United States to the extent provided by 43 CFR 2803.1-5.
11. If blading is conducted, the process shall result in not more than 6” in depth of disturbed native ground.
12. Voids created by rock removal shall be filled in with the native soil that has been loosened elsewhere on the reroute which resulted from the blading process. If such a source of fill material is unavailable along the road reroute, any non-native source shall be approved by the BLM Authorized Officer.
