

**Draft Klamath River Management Plan  
Environmental Impact Statement  
Public Comment Form**

**The public comment period is May 16 to August 13, 2003.**  
**Please have comments postmarked by August 13.**

You are welcome to use this form or other means for submitting comments to the Bureau of Land Management.

- You may send written comments to:
  - Larry Frazier, Project Team Leader
  - Bureau of Land Management
  - 2795 Anderson Avenue, Building 25
  - Klamath Falls, OR 97603
  
- Electronic (e-mail) comments may be sent to:
  - [krmp@or.blm.gov](mailto:krmp@or.blm.gov)

Please note that comments, including names and street addresses of respondents, will be available for public review at the BLM office during regular business hours. Individual respondents may request confidentiality. If you wish to withhold your name or street address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your written comment. Such requests will be honored to the extent allowed by law. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public inspection in their entirety.

**Below are some questions you may want to consider during your review and comment on the document.**

Does the Draft EIS:

- address the issues you think are most important?
- present an adequate range of alternatives?
- clearly and accurately disclose the potential effects of actions, or is there important information that is missing?

For the alternatives:

- Does the Preferred Alternative identified in the DEIS provide for an appropriate mix of resource uses and protection?
- Are there elements (actions) of the other alternatives that should be included in the Preferred Alternative?
- Are there elements of the Preferred Alternative that you think should be eliminated or changed?
- Do you have a different preferred alternative from the ones presented in the DEIS?
- Is there a mix of actions that you think should be designed into a new alternative?
