IN REPLY REFER TO:

1792(11781)
G5961(JK:bhk)

APR 11 2001

Dear Interested Citizen:

The Bureau of Land Management (BLM) has received a request for a paintball area on public lands in the Kerby watershed. The enclosed map shows the proposed project area. We are sending you this letter because you live or own property near the project area, have a special interest in this area, or have requested to be informed about projects of this type.

The permittee has requested seasonal weekend use of the proposed area from March through November for commercial paintball use. This would include providing equipment and supplies for playing paintball at the site. We are in the process of completing an environmental assessment for this proposal to determine the effects of the proposed action.

We would like to hear any concerns, comments and questions from you on this proposal. Early comments are appreciated, as we are in the process of determining effects of the proposed action.

If you have questions regarding this project, please contact Jeanne Klein of my staff at (541) 618-2220. Jeanne is the planning team leader for this project. Please send your written comments to me at the above address. If you are interested in receiving a copy of our environmental assessment when we have it completed, please let us know this as well.

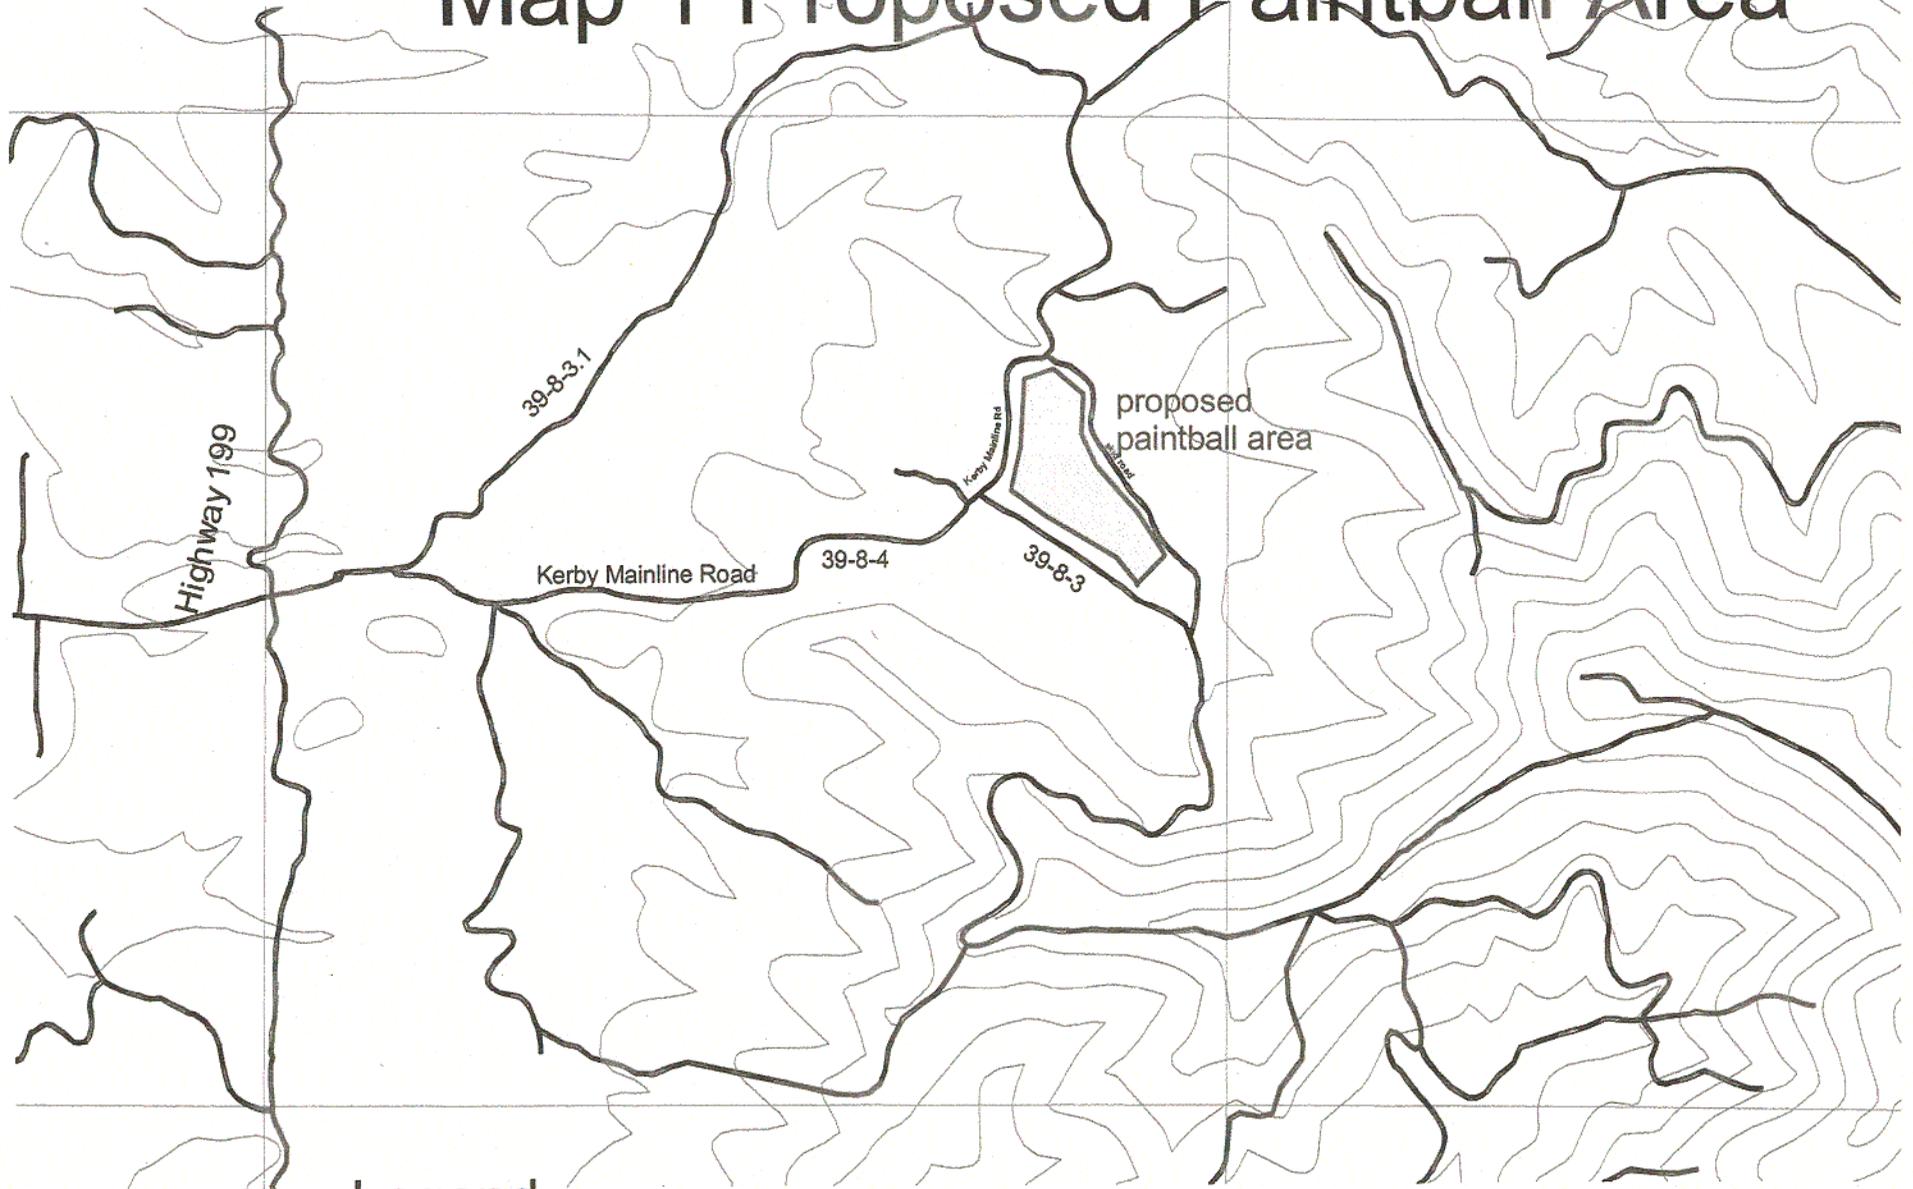

Sincerely,

Abbie Jossie
Field Manager
