Re: Little Canyon Mountain Project  
EA#OR-054-02-083

Dear Sirs:

We would like to see you implement Alternative F with a few modifications:

We would like to see the Trail Head road improved, so mud would not run into the streams.

We would also like to see some mountain mahogany left for browse for deer and elk.

We would like to see the pit area closed to all vehicles over fifty inches wide and designated ATV trails established.

Thank you for your attention to our comments.

Sincerely,

*Mike Browning*  
*Diane Browning*
