Timmberrr!

Roseburg, Ore. – The Roseburg District of the Bureau of Land Management offered and sold in oral auction today a tract of timber totaling 1244 hundred cubic feet, (690 board feet).

The tract was appraised at \$156,957.30 and sold for \$230,069.85. Scott Timber Company was the successful bidder of the Hurricane Ruby commercial thinning located within the South River Resource Area on the Roseburg District.

This commercial thinning not only provides a supply of timber, but also reduces stand densities in order to maintain health and vigor within the stand. It is consistent with the objectives of the Roseburg District Resource Management Plan. Healthier forests are at lesser risk of loss due to fire, insects and disease.
