

**Buck Creek Commercial Thinning Harvest
EA# OR-104-98-16**

Amended Decision Document

The Decision Document signed on September 22, 1998 is amended to correct a typographical error. The original decision on page 2 stated the following:

“Sale layout includes the following design features:

1. A 200' no harvest Riparian Reserve will be maintained along each side of all perennial and intermittent nonfish bearing streams and trees will be directionally felled parallel to or away from these areas.”

This statement should have read “A 20 - 200' no harvest Riparian Reserve will be maintained along each side of all perennial and intermittent nonfish bearing streams ...”.

For further information, contact John L. Hayes, Area Manager, Swiftwater Resource Area, Roseburg District, Bureau of Land Management, 777 NW Garden Valley Blvd; Roseburg, OR. 97470, 541 440-4931.
